INTRODUCTION
AND
GENERAL INDEX

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories (publishers of the High Point City Directory since 1933), present to subscribers and the general public, this, the 1960 edition of the High Point City Directory, which also includes Allen Jay, Archdale and Emerywood Estates.

Confidence in the growth of High Point's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting High Point to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the High Point Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE YELLOW PAGES constitute the first major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of the city and vicinity, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city and vicinity. Preceding this catalog, likewise grouped under appropriate headings are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a progressive community like High Point, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of High Point, Allen Jay, Archdale and Emerywood Estates, and the name, official personnel, nature and address of each firm and corporation in the community.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, is the fourth major department.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of

744947

the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of High Point and vicinity.

The High Point Out-of-Town City Directory Library

Through the courtesy of the publishers of the High Point City Directory, a Directory Library is maintained in the offices of the High Point Chamber of Commerce, for free reference by the general public. This is one of more than 700 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

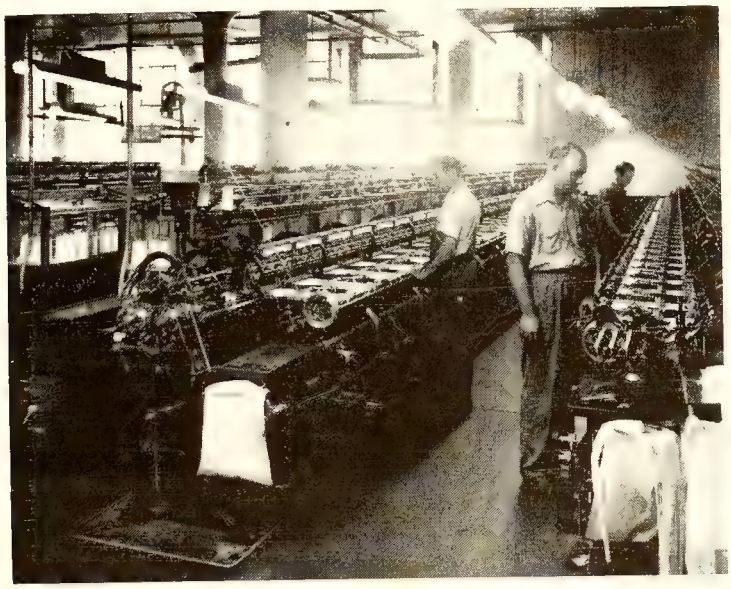
HIGH POINT TODAY

Origin of Name

High Point derived its name from a statement made by Captain Gregg, chief engineer of the surveyors of the North Carolina Railroad, from Goldsboro to Charlotte (now leased by the Southern Railway); in which he said, "This is the highest point along the whole survey, so we will mark it High Point."



Southern Furniture Exposition Building

Industry

High Point occupies the unique position of being the Southern center of two major industries—furniture and hosiery manufacturing.

The first furniture factory was established in 1888—today there are 98 furniture factories located here manufacturing a complete line of wooden household furniture including office desks and other equipment.

Located here are five furniture exhibition buildings for the exhibition of furniture, rugs, floor coverings and other household furnishings to the dealer--the fourteen-story Southern Furniture Exposition Building, the Tomlinson Exhibition Building, the Merchandise Mart, the Southeastern American Furniture of Martensville, Furniture Building and the Manufacturers Furniture Market, with combined floor space of 569,920 square feet. Over 500 manufacturers of household furnishings exhibit their products in this—This Southern Furniture and Rug Market. SFE Building has 14 acres of exhibit space.

Men and Machines at Work in One of 33 Hosiery Mills, with Daily Capacity of 60,000 Dozen Pairs of Hose.

The daily capacity of the 29 hosiery mills of High Point exceeds 60,000 dozen pairs of hose. The manufacture of hosiery ranges from infants' hose to full-fashioned hose, the volume in men's half hose being predominant. First hosiery mill established in 1905.

There is a wide diversity of manufacturing in High Point—in addition to 98 furniture factories and 29 hosiery mills, there are 253 other diversified manufacturing plants. Among these are plants manufacturing: Overalls, work shirts, men's summer clothing, mattresses, box springs, pillows, veneers, plywoods, art glass, paints, enamels, varnishes, lacquers, sealers, stains, fillers, undercoats and reducers, bobbin heads, shuttle blocks, building material, mirrors, glass furniture and novelties, toys, hosiery transfers, embossers' labels and seals, silk and rayon weaving, hosiery and underwear yarns, dyes, chemicals and textile oil specialties, paper boxes, corrugated shipping containers, television cabinets, textile spools, polyether foam, electronics, etc.

The manufacturer will find in High Point many advantages so necessary for successful and profitable operation (this is proved by the successful operation of plants now located here). Among these are climate (good living and working conditions); availability of intelligent native labor, 79.8 per cent native white, 19.7 per cent Negro, 0.5 per cent foreign-born; harmonious industrial relations; efficient public utilities; adequate electric power and modern municipal facilities.

Located on main line of the double-tracked Southern Railway System between Washington, D. C. and Atlanta, Ga.

On the High Point, Thomasville & Denton Railroad, a locally-owned and successful short-line railroad connecting, through the Winston-Salem Southbound Railroad, with the Norfolk & Western Railway, the Atlantic Coast Line Railroad and the Norfolk Southern Railroad, with throughrates and service applying.

Air service through the Greensboro-High Point Airport is furnished by Eastern Airlines main line, Capital Airlines and Piedmont Airlines.

Sixteen motor-freight lines operate out of High Point.

South Main Street, Looking South from Center of Retail Section.

Charter and Form of Government

The original charter of the City of High Point was granted by the State Legislature in 1859. The present council-manager form of government was inaugurated by charter amendments in 1915 and 1931.

The present charter provides for a city council consisting of a mayor and eight councilmen.

High Point is operated under a modern city-manager charter which places responsibility for efficient operation of all departments upon the city manager and delegates to him authority commensurate with such responsibility.

The charter is unique in that the debt-creating power of the City Council is very greatly restricted. No new indebtedness may be created in any fiscal year in excess of 50 per cent of the amount retired during the previous year, except by vote of the citizens. Under this plan, the indebtedness of the City will undoubtedly increase each year, and at the same time, such limitation will not prevent the logical development of municipal facilities.

Electric Distribution System

The City operates its residential and commercial electric system with considerable net profit. The City's charges for electric current sold to its residential and commercial consumers are no greater than those charged for similar classes of service rendered by private utility companies operating in this area.

Education

HIGH POINT COLLEGE—Is young: Founded in 1924, it is building its own spirit and traditions today by the contribution of each student on its campus. Young people enrolling here are not bound by the past but are building for the future.

Is progressive: Student government functioning through dormitory and day student council gives opportunity for student expression, guidance, responsibility and authority.

Has a curriculum designed to meet the needs of youth in our great democracy, comprehensive and elastic and at the same time sound and thoroughly witnessing the spirit of progress in education.

Is growing: The regular session of the last school year enrolled 1,044 and carried 950 in summer school and extension. Twenty states and six foreign countries were represented in the student body. This is a most remarkable record for 35 years' operation.

Offers rates within the reach of the most ambitious youth of limited means.

Offers a beautiful campus: attractive, modern, fire-proof buildings; a competent faculty; adequate facilities; and an administration sympathetic with the testings that meet youth in college.

Is located in the heart of the Piedmont—at High Point, N. C.

Convenient to High Point are all the colleges and universities of the state. Time by automobile between High Point and such institutions ranges from 20 minutes to two hours.

Recreation, Area and Climate

City Lake Park—17 acres. Swimming pool 270 feet long, 165 feet wide, ranging in depth from 2½ to 11 feet; ample for Olympic swimming trials; water tested hourly as to purification; large wading pool. Two tennis courts, softball field, outdoor amphitheatre, children's playgrounds equipped, family picnic facilities. Adjoins 700-acre lake. Excellent fishing.

Negro Park—27 acres. Swimming pool, 6 tennis courts, softball field, athletic and baseball field, wading pool and picnic grounds.

Although renowned as "The Industrial City," High Point could be readily termed "The Balanced City." For here, in addition to 380 factories and mills, are the banks, shops and stores which serve a local retail area of 90,000 population; here are broad, tree-shaded streets; here are the charm of flower gardens and the comfort of luxurious and modest homes. Here are recreation centers, sports and entertainment; and neighboring the city's outskirts are farms prospering with the varied products which modern agriculture creates. Admirable "balanced"—thriving—comfortable—substantial.

AIDS TO PROPER MAILING

Do not use "Township" as part of your address.

Write name and address plainly and completely.

Place name and address of sender on all matter.

Prepay postage fully on all letters and parcels.

Always address mail for city delivery to street and number and request correspondents to do likewise.

Use designation North or South, East or West when it is a proper part of the address.

Insure valuable parcels except those containing small articles of considerable value which should be registered.

Wrap parcel post carefully in heavy paper and tie knots securely.

You will often gain a day's time in delivery by depositing mail as soon as it is ready.

Use Postal Zone numbers on mail addressed to cities where Zone Numbers are required.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

OF

ADVERTISING PRINCIPLES

1. **Good Advertising** — aims to inform the consumer and help him to buy more intelligently.

2. **Good Advertising** — tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. **Good Advertising** — conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. **Good Advertising** — recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

HIGH POINT

NORTH CAROLINA

It is said that the main reasons which determine industrial location are. ..

MARKETS: The Market of the areas of which High Point is the center is the most important in the South and Southeast. Here the average income is higher, industry is relatively concentrated and farming is more productive. Statistically, in nearly every economic characteristic this section compares on a basis of equal or better with national averages. Nearly every type of consumer goods sells on a par with any section of the country, per dollar per capita. Accessability to the nation's biggest markets is both fast and convenient.

MATERIALS: These same areas produce timber, cotton, tobacco far in excess of local needs . . . many other raw materials are conveniently accessable in bordering areas and a road and rail network brings the entire Eastern Seaboard, the East and Middle West within economical hauling distance. Power facilities are ample and growing. Water is plentiful.

LABOR: Labor is intelligent, 90% native and in good supply. In skilled trades, it is now in the second and entering the third generation.

Data on taxes, climate, suitable sites, available buildings for industry and community living conditions are available through:

Please! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY — Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

THE SOUTH CHAPEL — The above picture shows the south side of our Chapel, consisting of two large rooms, offering ample space for Slumber room and Family room; or it may be used for Chapel space. It is equipped with fold-away doors and may be used as a private Family room during Chapel services.

There is a private entrance to the South Chapel.

THE NORTH CHAPEL — This is a picture showing the north side of our Chapel. This, like the south side of the Chapel, consists of two rooms which provide ample space for a Slumber room and Family room. For Chapel services, both the North and South Chapels may be thrown together, providing seating space for 250 people.

MAIN ENTRANCE HALL — This picture shows the wide Entrance Hall which affords easy access to all the facilities of the building. On the left is the South Chapel and on the right is the North Chapel and the main office. In the rear are the Ladies' Lounge and the Men's Lounge.

Out of Sight! • Out of Mind! • Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

Don't Contribute to Counterfeiters

KNOW YOUR MONEY!

Don't Be Fooled by Forgers

KNOW YOUR ENDORSERS!

The Government never redeems counterfeit money!

1. KNOW YOUR MONEY! Study the bills you receive so as to become familiar with the workmanship on them, especially in the portraits.

2. COMPARE a suspected bill with a genuine of the same type and denomination. Observe these things:

PORTRAIT	*Counterfeit*—Dull, smudgy, or unnaturally white, scratchy; oval background is dark, lines irregular and broken. Portrait merges into the background.
	Genuine—Stands out distinctly from the oval background. Eyes appear lifelike. Background is a fine screen of regular lines.
COLORED SEAL	*Counterfeit*—Saw-tooth points around rim are usually uneven, broken off.
	Genuine—Saw-tooth points around rim are even and sharp.
SERIAL NUMBERS	*Counterfeit*—Poorly printed, badly spaced, uneven in appearance.
	Genuine—Figures firmly and evenly printed, well spaced.
PAPER	*Counterfeit*—Generally has no silk threads, but these may be imitated by very small red and blue ink lines.
	Genuine—Printed on distinctive paper in which very small red and blue silk threads are scattered. The silk threads are not always noticeable on bills that are badly soiled or worn.

3. RUBBING a bill on a piece of paper will *not* prove it is genuine or counterfeit; ink can be rubbed from good bills as well as bad ones.

4. CONSULT an experienced money-handler or police officer to make sure, if you are still in doubt, whether a bill is genuine or counterfeit.

5. REMEMBER, NOT ALL STRANGERS ARE COUNTERFEITERS, BUT ALL COUNTERFEITERS ARE LIKELY TO BE STRANGERS.

This information is reprinted from the U. S. Secret Service 32-page booklet, "KNOW YOUR MONEY", which tells how to detect counterfeit coins and bills and how to guard against losses from forged Government checks. Copies may be purchased for 10c each, or $7.50 per 100, from the Superintendent of Documents, Government Printing Office, Washington, D. C.

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight
Insist on Being Well Represented in Its Pages

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.
The City Directory is the natural medium for keeping a business or product name in the spotlight
Insist on Being Well Represented in Its Pages

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight
